VALENTIN AKIMOV

Middle+ Frontend Engineer
Moscow, Russia

SUMMARY

Frontend engineer with 3+ years of commercial experience in product development. Strongest in Vue.js and TypeScript, with solid React experience from freelance and personal projects. Comfortable taking ownership of features end-to-end: from legacy codebase analysis to production release.

Looking for a Middle+ role in a product team where I can combine web fundamentals, independent feature ownership, and an AI-assisted engineering workflow.

EXPERIENCE

Frontend Developer

WebAsyst

January 2023 - June 2026 (3year 5 months) Moscow City, Russia

- Website-builder module from scratch on Vue: architecture, component system, and product behavior. (100+ pre-built blocks, 1,000+ design customization options, platform with 75,000+ installs)
- Full redesign of the CRM module: reworked 40+ screens and ~120 components, improving UX consistency and reducing UI-related bug reports by ~30%
- Navigated and extended a large legacy codebase (PHP/Smarty, jQuery, Stylus/Sass) while introducing modern practices in new modules.
- Worked in Agile/Scrum (GitHub Team, GitLab): code review, debugging, cross-team integration.

Frontend Developer

Freelance (Self employed)

November 2021 - December 2022 (1 year 2 months)

- Freelance and education (JS, TS, ReactJS, VueJS, PHP etc)

Web Developer

OMEGA ltd

May 2019 - October 2021 (2 years 6 months) Moscow City, Russia

- Developed an online store with 30+thousand products (JS, PHP, HTML, CSS)
